

Sprint 3 Report

Product Name: LocSilence

Team Name: LocSilence Team

Date: 11/17/17

Actions to stop doing:

- We are completely satisfied with our current process.
- Tasks were finished on time
- Very little blockage
- Everyone made a point to pick up tasks

Actions to Start doing:

- Spreading the work out across the week so that sprints are more productive.
- Get everyone to the same Android Studio version

Actions to keep doing:

- Meeting 3 days a week (although we now meet on Thursdays to accommodate the TA)
- Maintaining a fenced 15 minute scrum, leading into a management/architecture meeting
- Accommodating each other's schedules
- Keeping the team drive and github organized
- Communicating consistently through the group chat

Work Completed:

The scrum board and backlog were planned mostly accurately and many task/user story's on our sprint 3 board were completed

User stories:

- As a user I want to have an app that does Crash because of map draw or Run incredibly slow.
- As a user I want to be able to use the settings menu to set what will happen when my device enters a silenced zone.
- As a user I want to be able to shut off and turn on this app as I please.
- As a user I want to be able to edit my configurations and settings based on the location.
- As a user I want an application with an interesting icon.
- As a developer I want to real world test my application before it is released
- As a user I want to be able to see the true outline of the silenced area I am entering

Work Completion Rate:

- User stories: 8 (split into 15 tasks)
- Ideal work hours: 40
- Sprint days: 14
